Mindline listeners treat all callers, regardless of background, in a non-judgmental way with dignity and respect. When the lines are busy, or closed, their switchboard can connect you to our sister service, the Samaritans.

As well as listening to your issues Mindline can also give information about;

- **How to get help**
- **Basic information on mental health issues**

In terms of confidentiality when you call Mindline, your number will not display on their phones. They will not pass on any information unless you have said it is ok to do so.
